LOCAL ACTION ! GLOBAL CHANGE !

Trust for Youth and Child Leadership (TYCL) is a transnational youth-led non-profit organization based in India and the US. TYCL aims to nurture positive change in youth, children, families and their communities through safe, inclusive, participative, and innovative leadership models. TYCL is an organization with “Special Consultative Status” from the Economic and Social Council, United Nations since 2018” which enables local youth to participate and raise social and environmental issues in the United Nations.

TYCL creates safe and engaging spaces for young people and their allies to explore the fullest potential with indigenous knowledge and emerging technologies for their holistic development by:

- Addressing local and global community issues
- Recognizing and cultivating personal and collective power
- Building relationships and mentorship across borders
- Accessing the tools necessary to transform their own lives in the community and in collaboration with others

VISION FOR PUDUCHERRY BY 2030

O

- **Violence Against Children**
- **Youth Suicide**
- **Anti-Environmental Behaviour among youngsters**

2030

MAJOR BREAKTHROUGH OF TYCL

TESTIMONIALS

CHILDREN- RUBAN KARTHICK - Proprietor, RuKa Creations

“ From my childhood to now an entrepreneur, my journey with TYCL is inseparable. My orphanage gave me food and shelter and TYCL gave me intellectual support. TYCL guided me to pursue my career through N’KaNa project. The writer in me got exposed and they made my dream come true by launching my book “Mutharpadi”. They helped me find out my real interest and directed me to get into Visual Communication along with a donor support. I practised the things I learnt through the one year fellowship in the INAGI project of TYCL. Though I completed my fellowship, they never stopped guiding me in anyways. They always provide me the opportunity to exhibit my photography and videography skills in their events and projects. I express my heartfelt gratitude and love to all the members of TYCL for being a major support system in my entire life. ”

YOUTH- SURATH KUMAR - Coordinator- Multimedia, TYCL

“ I’m Surath Kumar, I’m a BA sociology graduate from a local government arts college from Puducherry, who was unemployed after graduation. Like the majority vulnerable youth group, I was also clueless about my future and wandering around with distracting temporary jobs. I met Siva anna through a leadership workshop in 2017 and joined TYCL as a volunteer. I got inspired by the founder, volunteers and the works they do for the cause. As a youth volunteer I had learned and benefited a lot from TYCL. I also got motivated to contribute in the way I could but I was not having any proven/recognized resources yet. I was happily volunteering and searching for jobs of my interests.

There came the cyclone Gaja in the Delta region. Knowing that I edit pictures with Mobile applications passionately, I was given the responsibility to create a poster conveying the needs of people who were severely affected by cyclone in 2017. I felt so responsible and made a simple poster serving the purpose. It reached widely and got viral as a result of which we received a truck full of relief materials. I was amazed by the responses of the single poster which made a huge impact. With that spirit I started learning professional designing software’s with the support of devices from the youth resource center of TYCL and got a career guidance, short term internship opportunity to an extended fellowship opportunity to groom my skills while working on a cause.

This intervention of TYCL has made me a successful designer with the knowledge and experience of more than 5 global designing software's with proven excellence. Also, I am very proud to share that my creations are being used and disseminated in national and international forums. Focusedly the goal finding & Career building were the important milestones I attained in my volunteering journey with TYCL. Words won't be enough to share my heartfelt gratitude. My journey with TYCL will always continue. ”

Youth Helpline Beneficiary (Anonymous)

“

My name is*****, My gratitude for the Youth Helpline Counselor from TYCL. I was undergoing a lot of pain due to my interpersonal and familial issues which made me to feel broken and attempt suicide. Fortunately I was rescued by my family and I underwent a painful treatment and got saved. I was still confused and upset mentally and physically. One of my friends referred to the Youth Helpline from which I received empathetic counseling with the non-judgemental listening space when I was so weak. I was listened very calmly and counseled appropriately. I got new insights and motivation to get rid of the bitter experiences and to move on. With proper understanding they followed me up regularly and provided me a space for self reflection which supported me a lot to change my perspectives. I felt so resilient after the sessions and started focusing on my goals for the better future. Now I am successfully pursuing my modeling career and sincerely preparing for the Chartered Accountant. I will strongly suggest all my fellow youngsters not to think of ending their lives when challenges arise. Facing the challenges and seeking support whenever necessary is courage and strength. ”

STAKEHOLDER- Mr. KARTHIKEYAN- Founder, Sristi Foundation

“

Sristi is proud to associate with TYCL for the past 10 years. A leading organization in Puducherry district working for the children and youth to bring a positive change in their life and in community through safe, inclusive, participative and innovative leadership models. TYCL's uniqueness is to bring out innovative and creative projects for the development of youth. TYCL is creating a platform and encourages youth to participate in healthy politics by publishing election manifesto and to bring a massive change in the community, it's an approach to unleash the potential of the upcoming generation.

TYCL also strongly believes that, sometimes the impossible really does become possible if the youth take charge in their hands to generate a positive environment. We Sristi wish TYCL and their whole team on this special day of stepping into the 10th year. We salute you for all the amazing work that you people are doing. ”
